[INFO@Ph-eiti.com](mailto:INFO@Ph-eiti.com) Tel 525-0487 At Manila Hotel today recording final history sponsored by Dept of Finance. Att Golda Benjamin is professor of Law at Silliman Univ. This is 100% about the mining industries that are SOLVED by [SolutionSafeWater.com](http://SolutionSafeWater.com) as Gina Lopez's ABS-CBN group and [ApexMining.com](http://ApexMining.com) were contacted weeks ago as part of WHY these are the only solutions to resolve all of humanities basic wars and issues.

VoiceRecord on iPad is 10:35am. I now have the most critical debriefing appointment at USA Embassy at 2 pm today with DOJ ?? per following. I just spoke with Congressman John Beritz who also is GOING public on these world saving solutions with H.R. Philippines as I requested, now YEARS ago.

Aug 7, 2017 Historical meeting at USA Embassy with DOJ-HLS Lamont Siller at 2 pm to command USA Gov find ROSE and all other criminals using these only solutions to empower mankind to quickly identify who are criminals, unknown, and honest persons of known integrity. I invited Nathaniel Laxa (anti terrorist expert USNAVY) and also have direct cell phone of General Restituto Padilla AFP Commander and thousands of other eyewitnesses to turn OVER to world. No one can ever deny any of your rights once these final answer methods go PUBLIC !. The USA WILL fly my team back TO Washington D.C. to testify against each and every false accuser and certified criminal, and HOST the required Press Conferences to empower our people to use [SolutionHousing.com](http://SolutionHousing.com) to build millions of new Digital Green Creative Communities using the crime assets seized by [SolutionMilitary.com](http://SolutionMilitary.com), churches, and public using free world Max Wifi for instant confirmation of who is dangerous. I also visited Capt Jesser Cordova (63)2-452-3002 at [NAMSSA.net](http://NAMSSA.net) today to show world how to secure all ports of calls and points of any transactions. Anyone who refuses to TAKE ACTION is immediately found guilty of Obstruction of Justice + other crimes.

The conversations about about sharing of LGU revenue sources as fund transfers, bidding, taxes, and red tape bureaucracy conspiracies are also part of the worlds plagues as seen on Aug 16, 2016 on [lseeunderstand.com](http://lseeunderstand.com) I published this partial on top of [SolutionSafeWater.com](http://SolutionSafeWater.com) right now, in real time. This is part of [URLiDent.com](http://URLiDent.com) and EVOTE.ONE as THIS forum and all other meetings will soon be OPEN Circuit TV (OCTV) accessible to anyone in our world with free Max Wifi and almost free used smart phones and other eDevices pioneered by Keith Duncan and other masterminds from the last centuries.

### **Keith: Anti-Crime master Synopsis Whitepaper addition.**

Auto motion Detection face recognition OCTV cameras will soon be the unified international standard. Such as [MySnapCam.net](http://MySnapCam.net) and recent Cam1Pro ? (I have actual brochure) that is fist sized auto 360 degree rotating camera with 2 way voice capability on internet as IP addressed remote controllable device. Criminals and never-do-well persons will be systematically eliminated with these open public broadcast systems that forever kill the 666 Mark of the Beast tracking by the Criminal Ruling Elite known as Anti-Christ, Illuminati, mobsters, and the hidden underground criminal RICO enterprises run by super terrorists of Robert Dee Rose and others. They ALL have ties to each other as the criminal cabal networks grow as the #1 world plague of all time. Their collective goal is to enslave everyone they can, depopulate our earth, use humans as their protein food sources and work force who are brainwashed into total submission and controlled by drugs and psychological warfare that makes WW2 Gestapo methods look like innocent school yard games by

comparison. For the ultimate crimes against humanity are the ability for anyone to control our governments and corporations by extorting, bribing, blackmailing, murdering, and other crimes of individuals.

It is clear that once a person is corrupted, they remain corrupted until they day they die UNLESS they surrender, confess their sin-crimes, and come clean through re-birth of being forgiven by their victims and those who they have violated in specific ways. Absolutely none of this is speculation, hypothesis, exaggeration, or grandiose in any way. These are all 100% reality as the PIG piggeries are not the native free range animals. They are HUMANS who are corralled into poverty stricken cities to be the lowest paid workers to the super rich.

July 26, 2017. HP event at Dusit Thai on retail product automation for food services.

Keith Duncan. I arrive 4:30 pm because I had wrong directions to other HPE event. So I contacted Allan at HP and asked for them to CALL ME BACK. I emailed Gina Lopez back and contacted others in her group to request the most critical meetings to UNIFY our world.

Contents BELOW.

Per the HP event, these are automated software to economize the food service experience in restaurants. this includes mobile app broadcasting of specials at a restaurant, on line ordering, and billing type applications.

The discuss use of tablets to automate the seating and food serving process. this is similar to what I designed and published 6 years ago at Bistro Niko to world right before super criminal ordered my seizure so he could destroy the electronic trails of his own massive crime sprees.

They demonstrate real time the ordering process, food delivery, and also tracks all the internal intergrated systems.

Direct to Gina Lopez. PLEASE contact BOBBY on EVOTE.ONE

Wonderful. EXCEPT My cell JUST died, lack of battery backup power. I can not recharge until late tonight. This SOLVED with TurnOffLights.com

DIRECT to Jen Santos, Allan, and Patricia. CC to GINA and top level executives at ABS-CBN.

A DIRECT meeting is requested and required to show HOW billions of \$\$\$/USD/Euro will easily flow INTO Philippines one way to establish your first world society of peace, prosperity, and international publicity.

I was invited by PNP General to attend Aug 1 week forum as guest of President Duterte. He FINALLY got the messages that I have been broadcasting to literally everyone. He and Philippines will be international heroes when the following sequence finally occurs.

I meet with Anti-Corruption Campaign Founder Commo Dante Jimenez on Monday 3 pm. (CC to him).

1. The basic is how eVOTE.ONE solves the world political corruption crime issues once and for all. Four simple By-PASS LAWS TREAT ALL leaders as Highly Paid Consultants as all citizens control and manage who are the leaders and direct their decisions/laws/bids and contracts.

2. Criminals will flee all nations who use the single International open public database URLiDent.com

3. Millions of persons will come to Philippines Paradise as part time and full time residents. Spending their money with:

SolutionHousing.com and WorldSchoolFund.com that builds hundreds/thousands of new GREEN Digital creative cities.

5. TurnOffLights.com and SolutionSafeWater.com showcase to world how to save 10 to 50% of all energy use in record time as well as use the tremendous weight and power of typhoon/rainfall stored at higher elevations to prevent downstream flooding.

I have direct contacts now with Apex Mining and Occidental? Petroleum as well as BGEN Charito Plaza.

The large mining operations will no longer need to strip mine and create such huge river pollution that kills all crops and wildlife. Instead they refocus their dirt moving operations to build small holding lakes and ponds in upper elevations. They can USE all the mine tailings (waste) as the initial contents of containment DAMS that will NOT be washed away. (Sealed with concrete and rocks). This crushed rock/dirt can also be used to create contour plowing diversion along the mountains and midlands to redirect massive rainfall to these holding irrigation and fish farm reserves.

Too many other world changing solutions to re-list here. They are shown on BuiltByKeith.com as the worlds first clearing house of

HOW to unify all mankind.

WHEN can we meet NEXT? I am a simple phone call away.
